## Kids and Woodsy and Bears, Oh My

**Editors** – Are you looking for **great photo ops at the State Fair?** Look no further than Camp Smokey. Consider this:

**Cute little kids** wearing their very own Smokey Bear Hat. (We give them to every child who passes through all of the fire safety learning stations of Camp Smokey).

**Cute little kids** hugging Smokey Bear. (Smokey makes surprise visits several times an hour. You can tell he's there when the kids start to yell his name.)

**Cute little kids** learning to dial 911 in an emergency. (We even teach them how to use a rotary phone. Most have never seen one.)

**Cute little kids** learning to "Stop, Drop and Roll". (Just one of the skills they master in order to get that all important Smokey Bear Hat).

The volunteers at Camp Smokey would love to assist reporters and photographers to share the story of the fun and life lessons at this amazing exhibit. Camp Smokey is next to Building A in the Cal Expo Redwood Grove. Come on down!
